MY SCHOOL CONNECT

Quick Start Guide

Open the **Audiri** app on your device and tap the 'card' icon on the top left of your screen (next to the bell) to load and connect to **My School Connect**

Step 1

You'll be taken to the sign-up screen. Simply fill in your details, scroll down and tick the box that confirms you have read the Terms of Use, then click submit. If you already have a My School Connect account, click on the green rectangle on the top of the screen and follow the prompts.

Step 2

If this is your first time using My School Connect, you'll be prompted to set up a child. Once "Set up child" is clicked, fill in the details and click "Save changes".

Step 3

And that's all there is to it! From the "Registration Complete" screen, you can navigate to the "Dashboard"

Step 4

The dashboard allows you to make transactions or further changes to your account. By scrolling down, you'll have access to your order history, your top-up and financial history, account and student details and notifications. You can also click at the bottom of the screen at any time to return to Audiri.
